

Secondhand Coxmate SC Unit

We have an ex-demo Coxmate SC Unit for sale. The package contains:

- SC Unit (does not have inbuilt radio)
- External radio interface
- Charger
- Speed Sensor and impeller suitable for a coxed four
- Computer interface cable and analysis software (software license available from Coxmate).

This unit is approximately 4 years old and the equipment is sold as is. This package is available for \$800.00 (excluding freight/delivery).

The retail price of new items would be approximately \$1,635.00.

If you are interested in purchasing these items or would like further information, please contact us.
